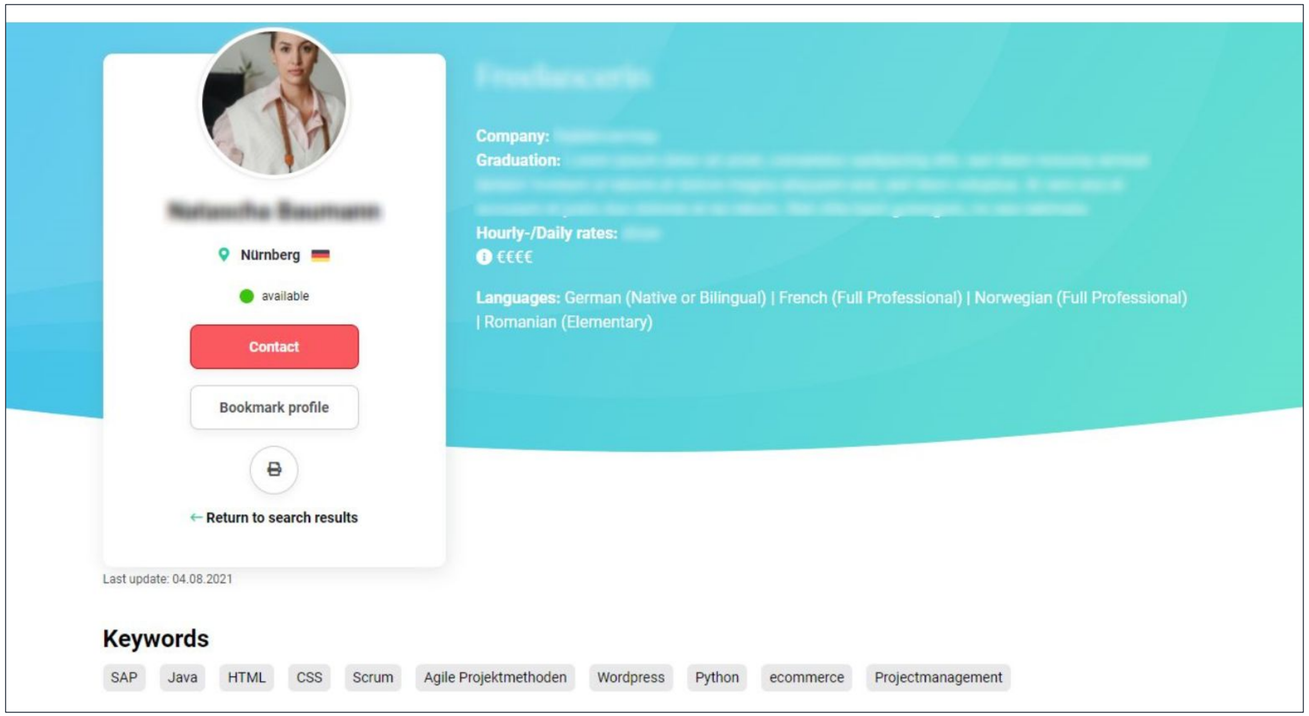
MANAGE EXPERTS PROFILES

SHOWCASE THEIR SKILLS AND EXPERIENCE

CREATE NEW PROFILES



Create up to **10 professional profiles** and showcase their skills and experience to our global community.

You can go through our **4-step process** or easily create a profile using their resumes.

If you are **open to worldwide opportunities**, please use **English on your main profile** and translate it to other languages later.

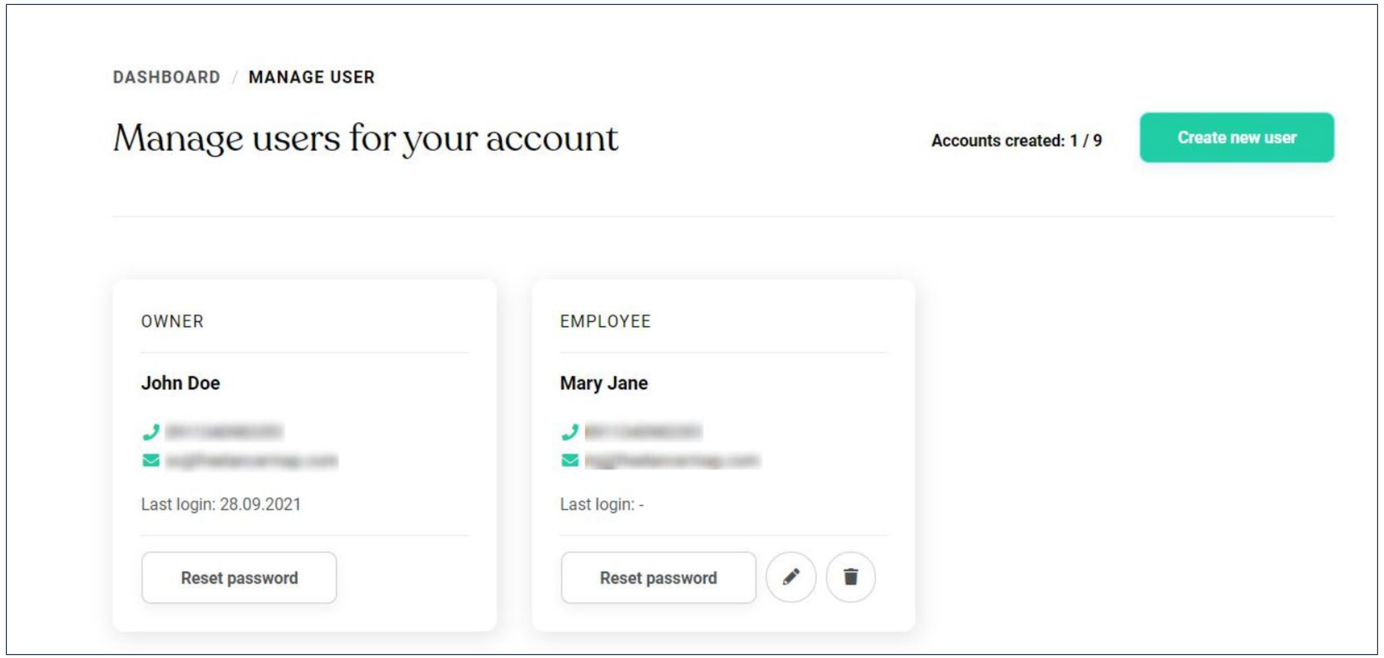
We recommend you **add as much detail and information as possible** in your profiles. Be specific in explaining the **latest projects** completed, include keywords you know potential clients will search for, add hourly rates, etc.

Different clients use different search criteria. The **more in detail you describe your services**, the easier it is for potential clients to find you and get in touch.

USER LOGINS & MANAGEMENT

FOR OTHER TEAM MEMBERS

TO USER MANAGEMENT



If you're not the only business developer at the company or you'd like each professional to have access to the freelancermap account, this is the feature for you.

You can create and manage **up to 10 user logins for your team** from your own business account.

Assign different roles, give **admin rights** and work easily with your team while keeping all information at one place.

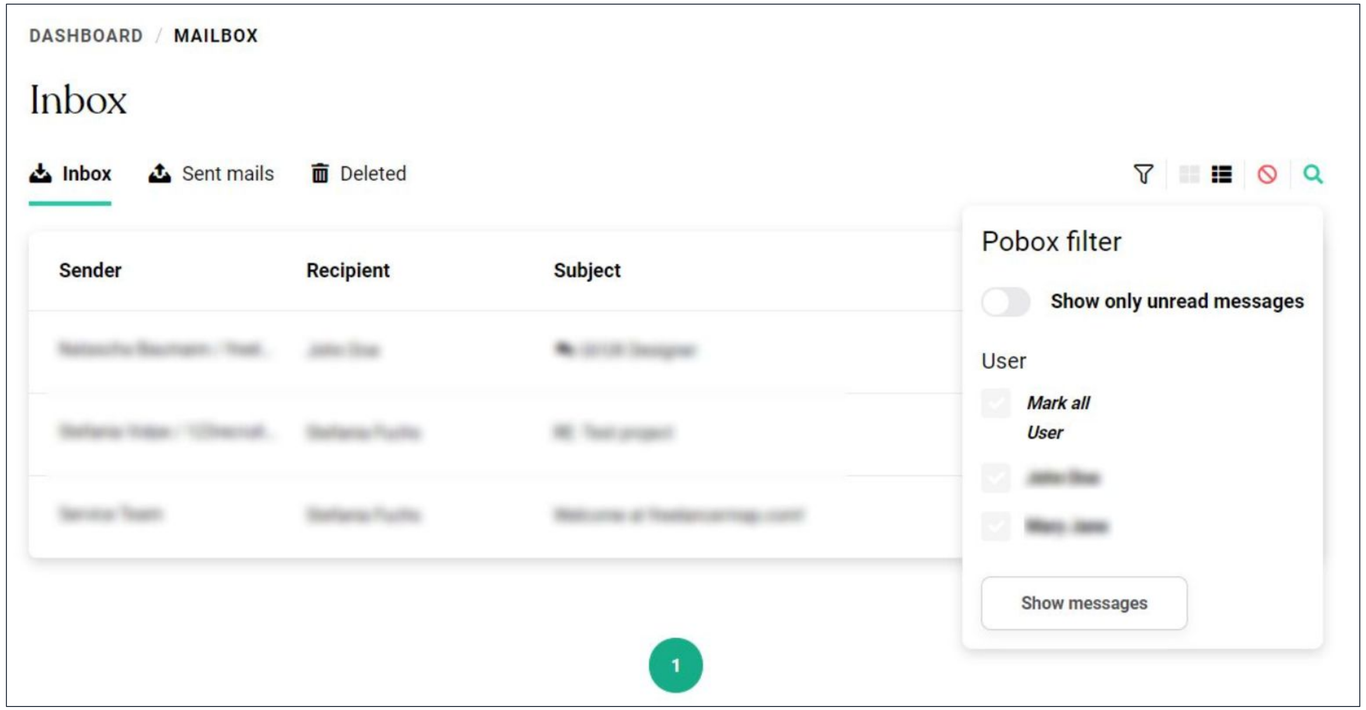
Every team member will keep their **own login data** and enjoy all benefits of **premium members**.

Hint: If a team member already has an account created at freelancermap, please contact the freelancermap team to migrate the old account to the business account.

CENTRALIZED MAILBOX

FOR RECRUITERS AND COMPANIES

BUSINESS MAILBOX



Manage all team correspondence from your admin account.

The account owner mailbox will list not only their own mailbox but they will also be able to **manage the mailbox from the rest of the team**.

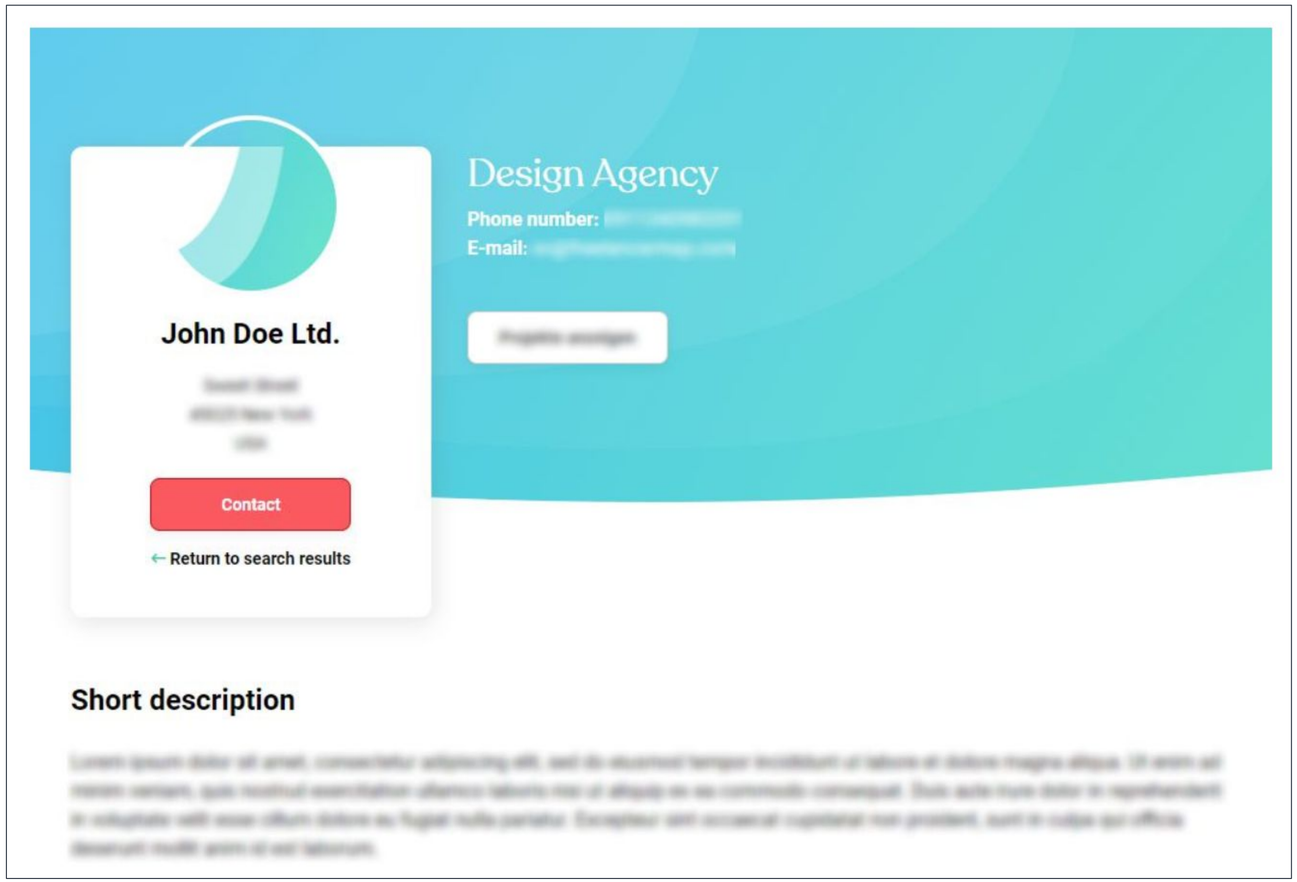
Read messages and reply in name of the team.

Using the “**Pobox filter”** and selecting a user or a profile within your team, the view will show the mailbox from that member of the team only.

COMPANY PROFILE

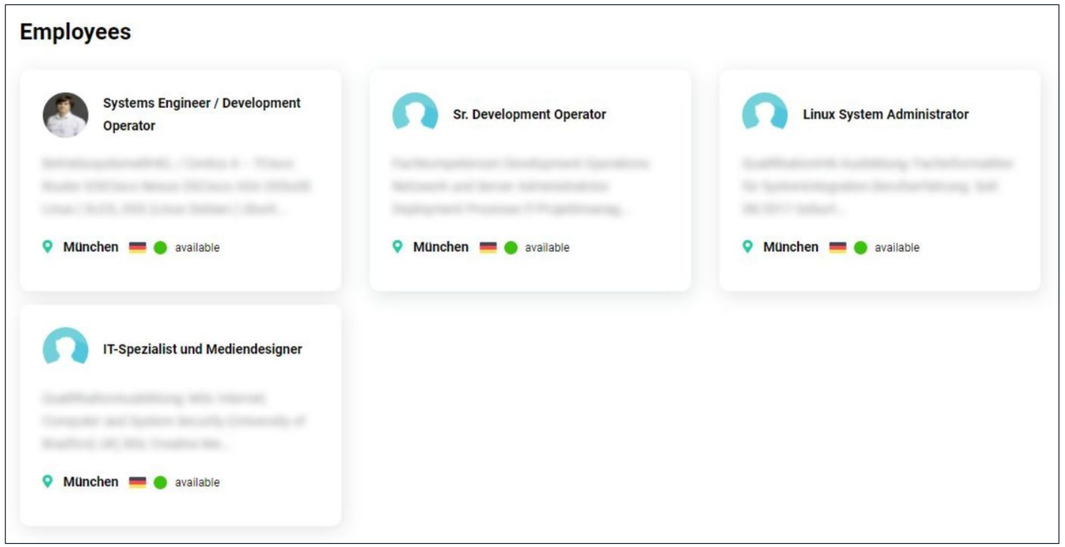
PRESENT YOUR COMPANY AND WHAT YOU DO

CREATE COMPANY PROFILE



You will be able to briefly **present the company** and **the most relevant information** about your business and what you do.

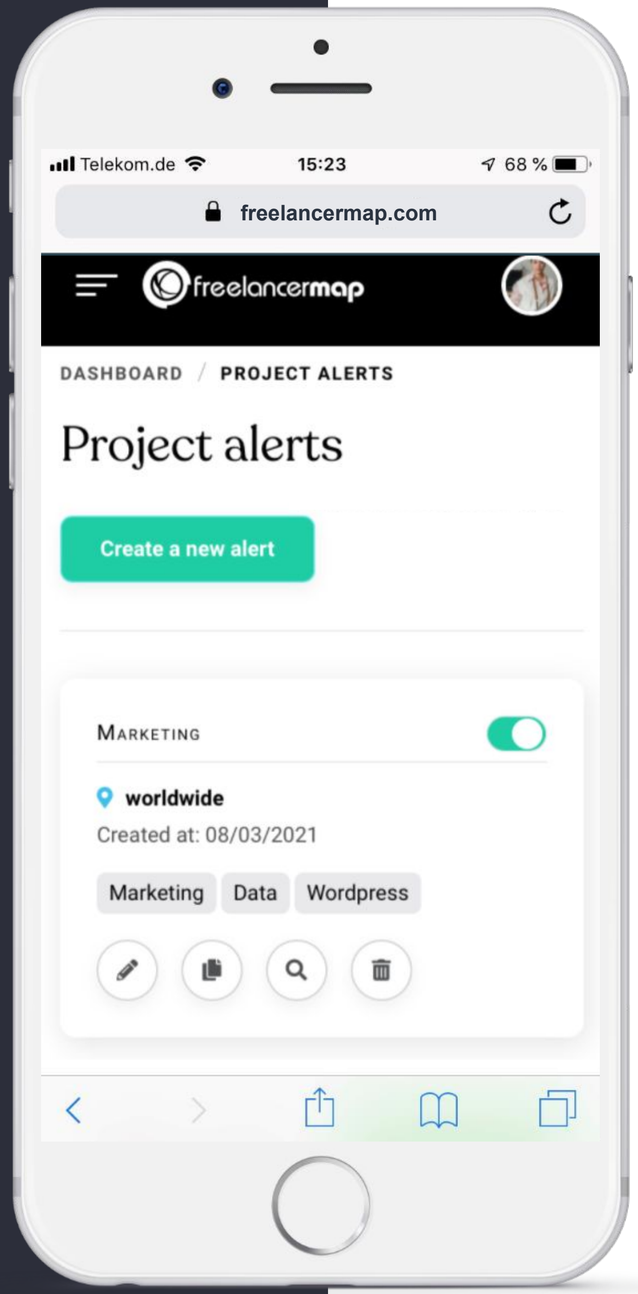
Your **team profiles** will be listed here, too.



NEVER MISS AN OPPORTUNITY

WITH THE PROJECT ALERT

TO PROJECT ALERT



Set up your project alert

Enter your **preferred keywords, categories and/or locations** and get **notified by email** as soon as new projects are posted.

Business members get a new email **immediately** after a new project has been posted. You can also set it up to receive one alert gathering all new projects **once a day**.

Make sure you never miss a project again!

- **Create up to 20** different project alerts
