ALL BUSINESS FEATURES IN DETAIL

HOW FREELANCERMAP HELPS YOU FIND FREELANCERS AND CONTRACTORS

Post job ads on auto-pilot

Providing us with an XML feed is the fastest and easiest way to get your jobs on freelancermap. Each interface is individually programmed - at no extra cost. Save valuable working time with our automated project import.

Centralized user management

The business account allows you to create and manage multiple logins for your team. Buy as many as you need, assign different roles, give admin rights and work easily with your team while keeping all information at one place.

Company presentation

Introduce your company and team to the community and share relevant details and awards that make you a proud company. Get all your available projects organized and listed, too.

Download CVs and more

Freelancers have the possibility to add CVs, work samples, or certifications to their profile. You can download these attachments directly from the profile view with the business membership.

Get connected with talent

Contact freelancers directly if you feel they will be a good fit for the project. Did you find several interesting profiles? Contact them at once with a single message with the mass inquiry.

Find freelancers

Search for interesting freelancers, consultants or agencies based on their skills, location or hourly rate. Quickly find available freelancers in our open freelancer directory.

Engage with freelancers

Review all received proposals and keep the conversation with those freelancers that better match your needs. Discuss about the tools and terms that you'll together work on.

Hire freelancers and contractors

Did you find the perfect freelancers for your project?

Hire him/her without intermediaries. At
freelancermap there are no intermediate contracts,
agency fees or other hidden costs.
