Our business membership: A closer look

Tailored to the needs of recruiters, headhunters and staffing companies, our business package offers you a central user management board for up to 10 colleagues and direct access to over 90,000 freelancers!

INSIDE OUR BUSINESS MEMBERSHIP

Post job ads on auto-pilot

Providing us with an XML feed is the fastest and easiest way to get your jobs on freelancermap. Each interface is individually programmed - at no extra cost. Save valuable working time with our automated project import.

Centralized user management

The business account allows you to create and manage multiple logins for your team. Book user logins as you need them, assign different roles, give admin rights and work easily with your team while keeping all information at one place.

Company presentation

Introduce your company and team to the community and share relevant details and awards that make you a proud company. Get all your available projects organized and listed, too.
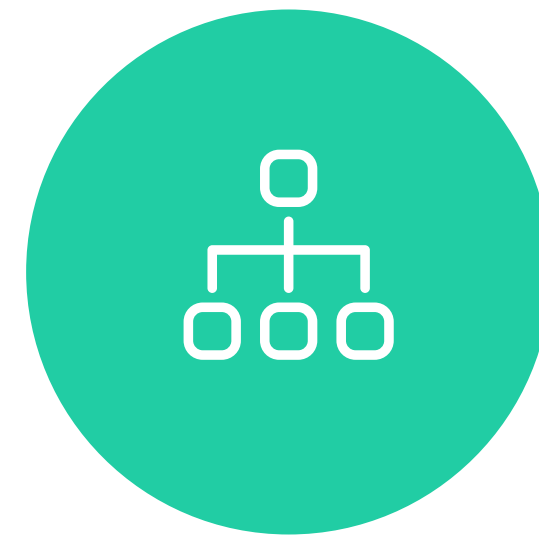

Download CVs and more

Freelancers have the option to add CVs, work samples, or certifications to their profile. You can download these attachments directly from the profile view with the premium or business membership.

Get connected with talent

Contact freelancers directly if you feel they will be a good fit for the project. Found several interesting freelancers? Contact them at once with a single message using mass inquiry.

Find freelancers

Search for interesting freelancers, consultants or agencies based on their skills, location or hourly rate. Quickly find available freelancers in our open freelancer directory.
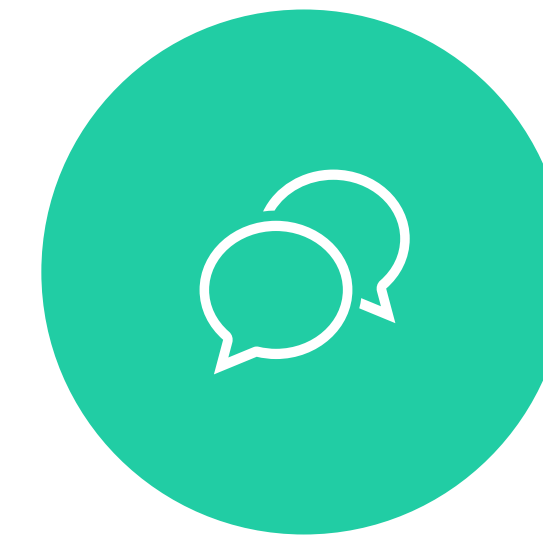

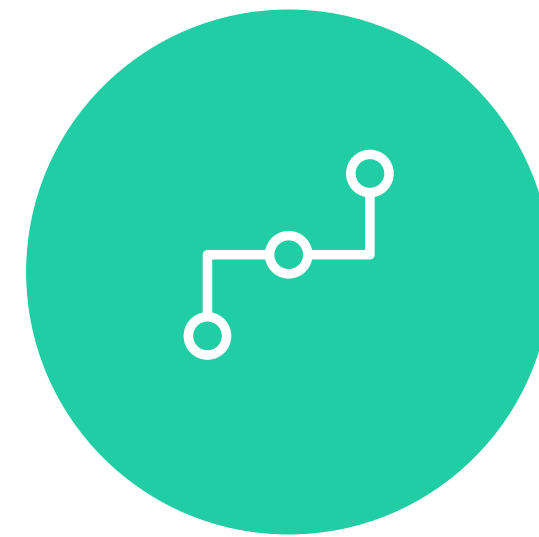

Engage with freelancers

Review all received proposals and keep the conversation with those freelancers that better match your needs. Discuss about the tools and terms that you'll work on together

Hire freelancers and contractors

Did you find the perfect freelancer for your project? Hire them without intermediaries. At freelancermap there are no intermediate contracts, agency fees or other hidden costs.

AUTOMATED CATEGORIZATION

NO EXTRA COSTS

Providing us with an XML feed is the fastest and easiest way to get your jobs on freelancermap. We also integrate with Broadbean and LogicMelon.

Already using software to create job ads? Then why manually publish projects? Keep your projects up-to-date with minimum effort.

Our import logic has an intelligent algorithm that - based on keyword density - automatically associates relevant categories to each project.

Both the installation and maintenance of the interface are completely free of charge. Get all your job ads listed on your company profile, too.

Search for interesting freelancers, consultants or agencies based on their **skills, location or hourly rate**.
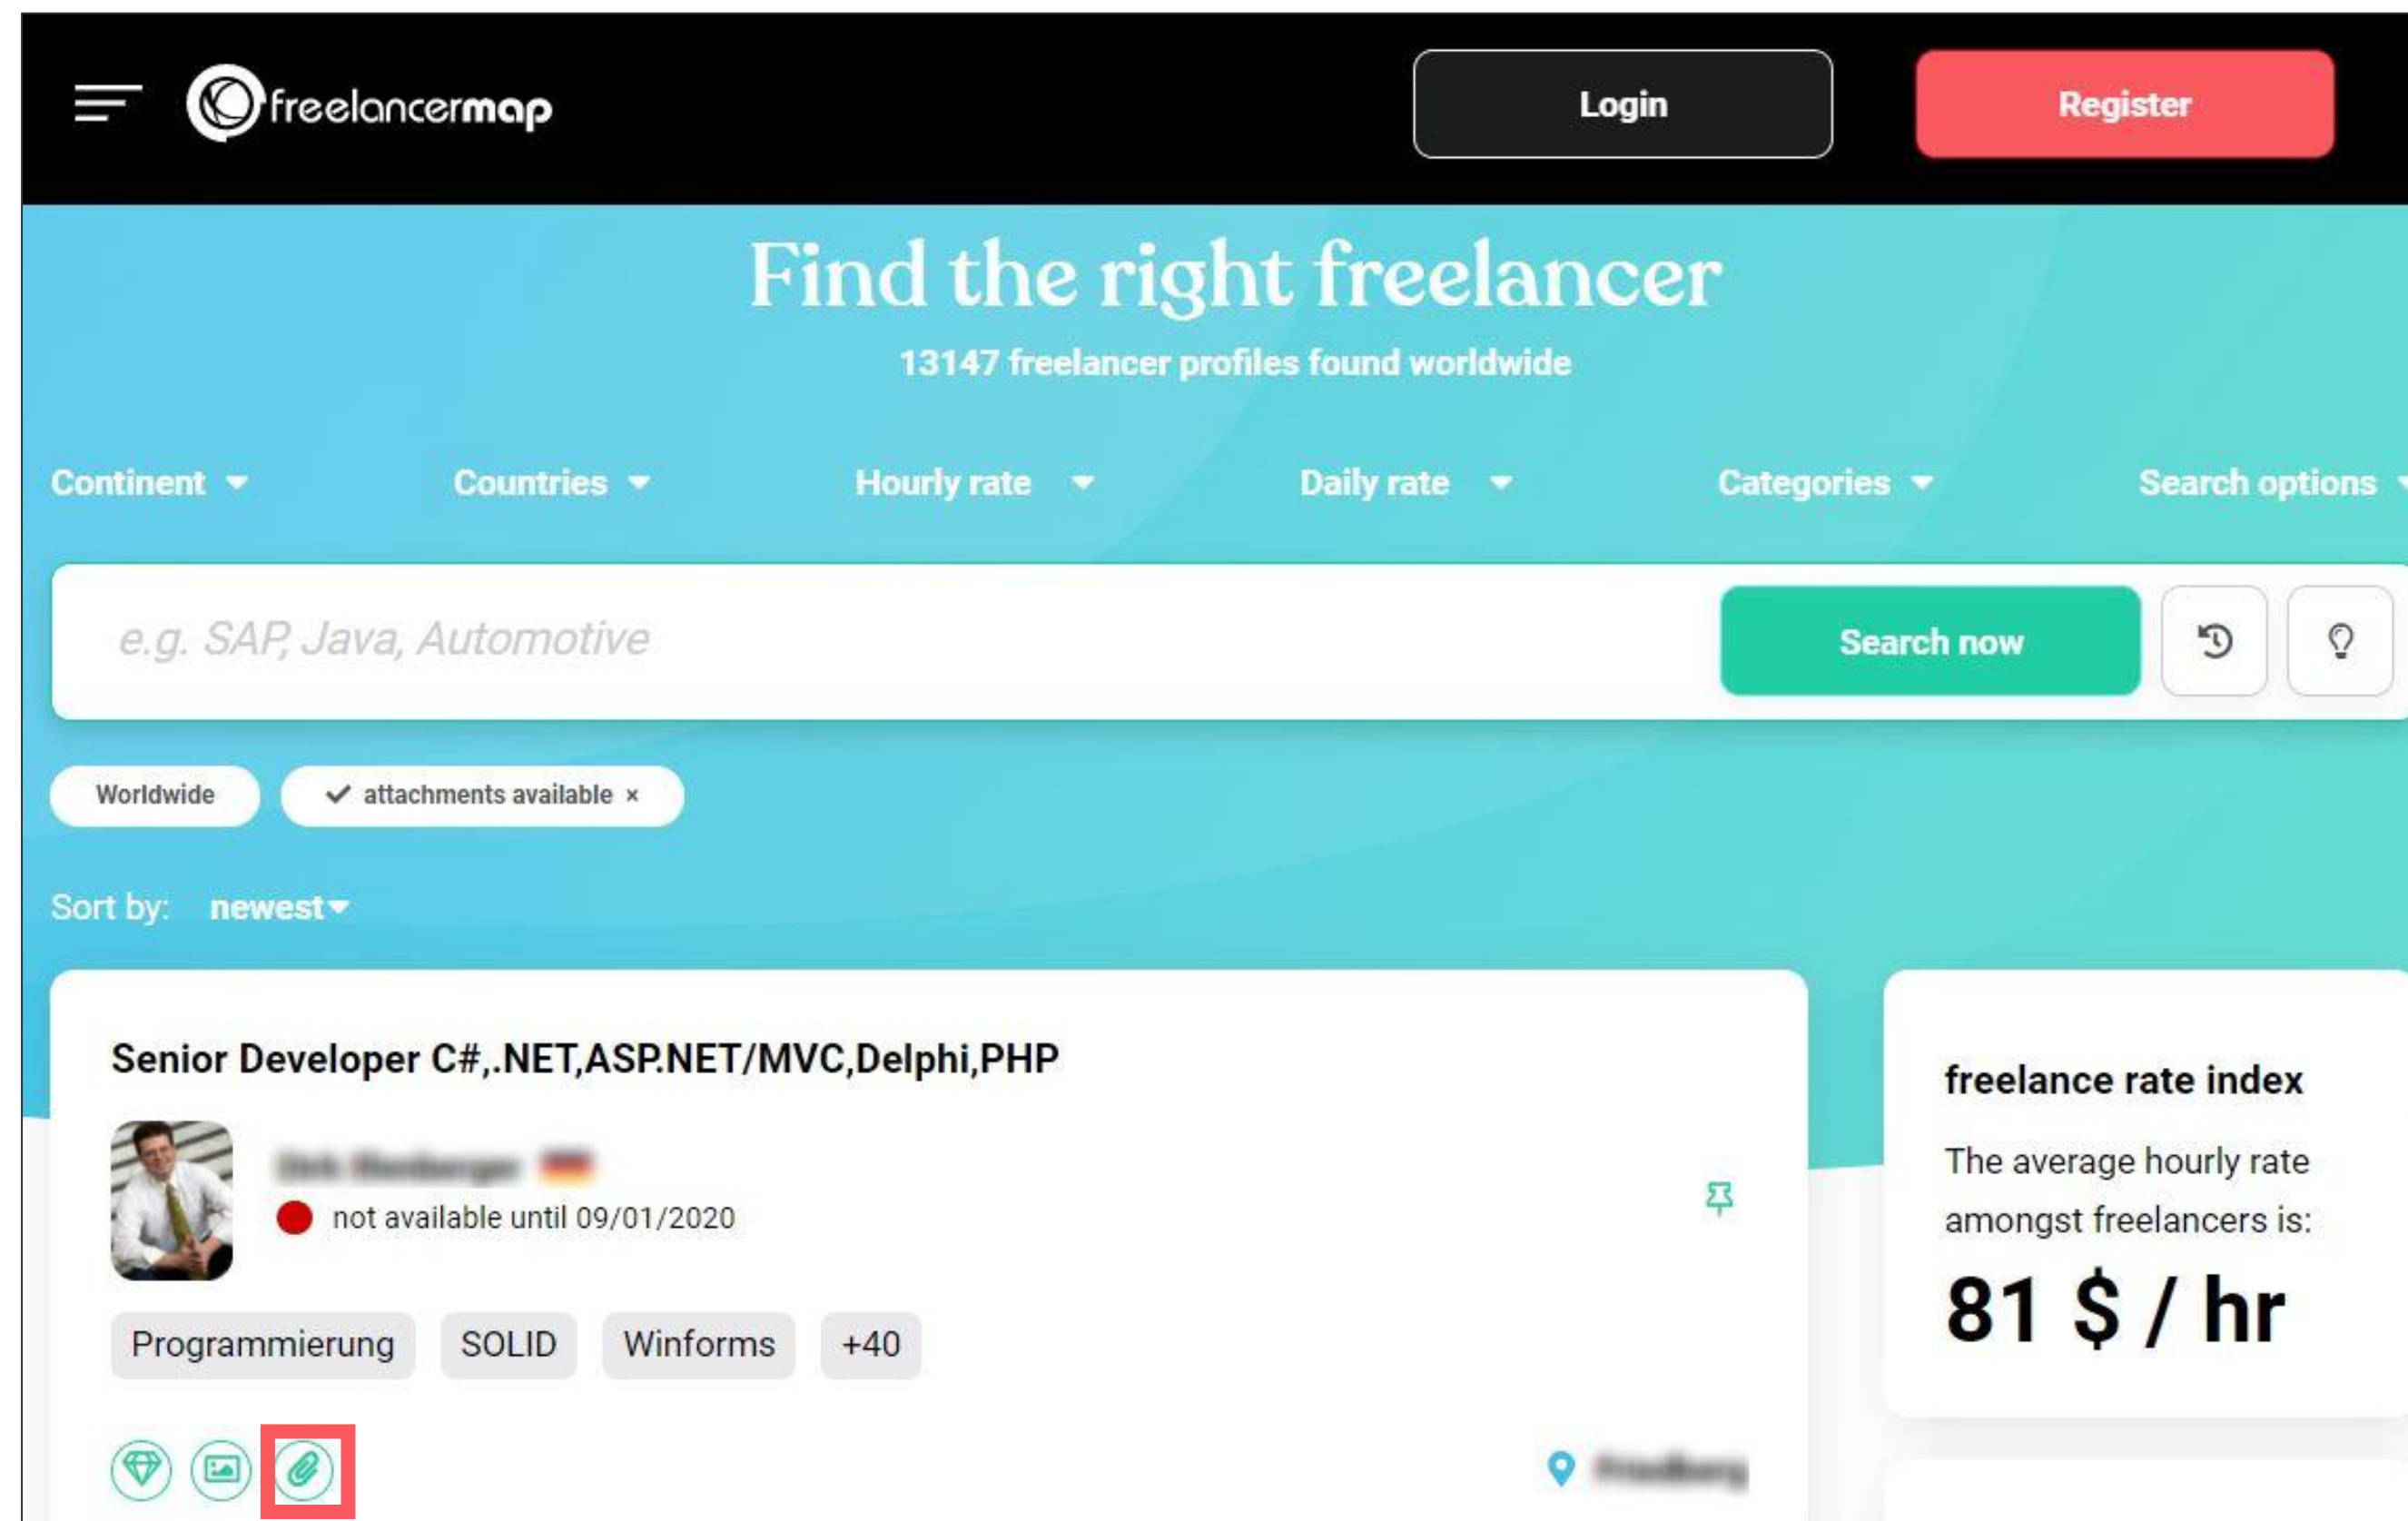

Save your **most frequent searches** to speed up your talent search. Next time you log in, simply go to the advanced search and click on the saved search that you want to start.

Besides, you can activate the **automated freelancer alert**, to receive new (or updated) profiles for all of those searches directly per email.

DOWNLOAD CVs AND MORE

FOR RECRUITERS AND COMPANIES

Freelancers have the option to add **CVs, work samples, or certifications** to their profile.

All users included in the business account will be able to **download those attachments from freelancer's profiles**.

When a freelancer profile has any attachment, the profile is marked on the listings with a **clip icon**.

In a profile, you will see **all attachments available** listed under the keywords section (see below).

FREELANCER WATCHLISTS

FOR RECRUITERS AND COMPANIES

Use the **watchlist feature** to group freelancers by a particular set of skills, location or any other criteria.

Create several freelancer lists to send tailored mass inquiries and to manage multiple projects in an efficient manner (Learn how to contact several freelancers on the next page).
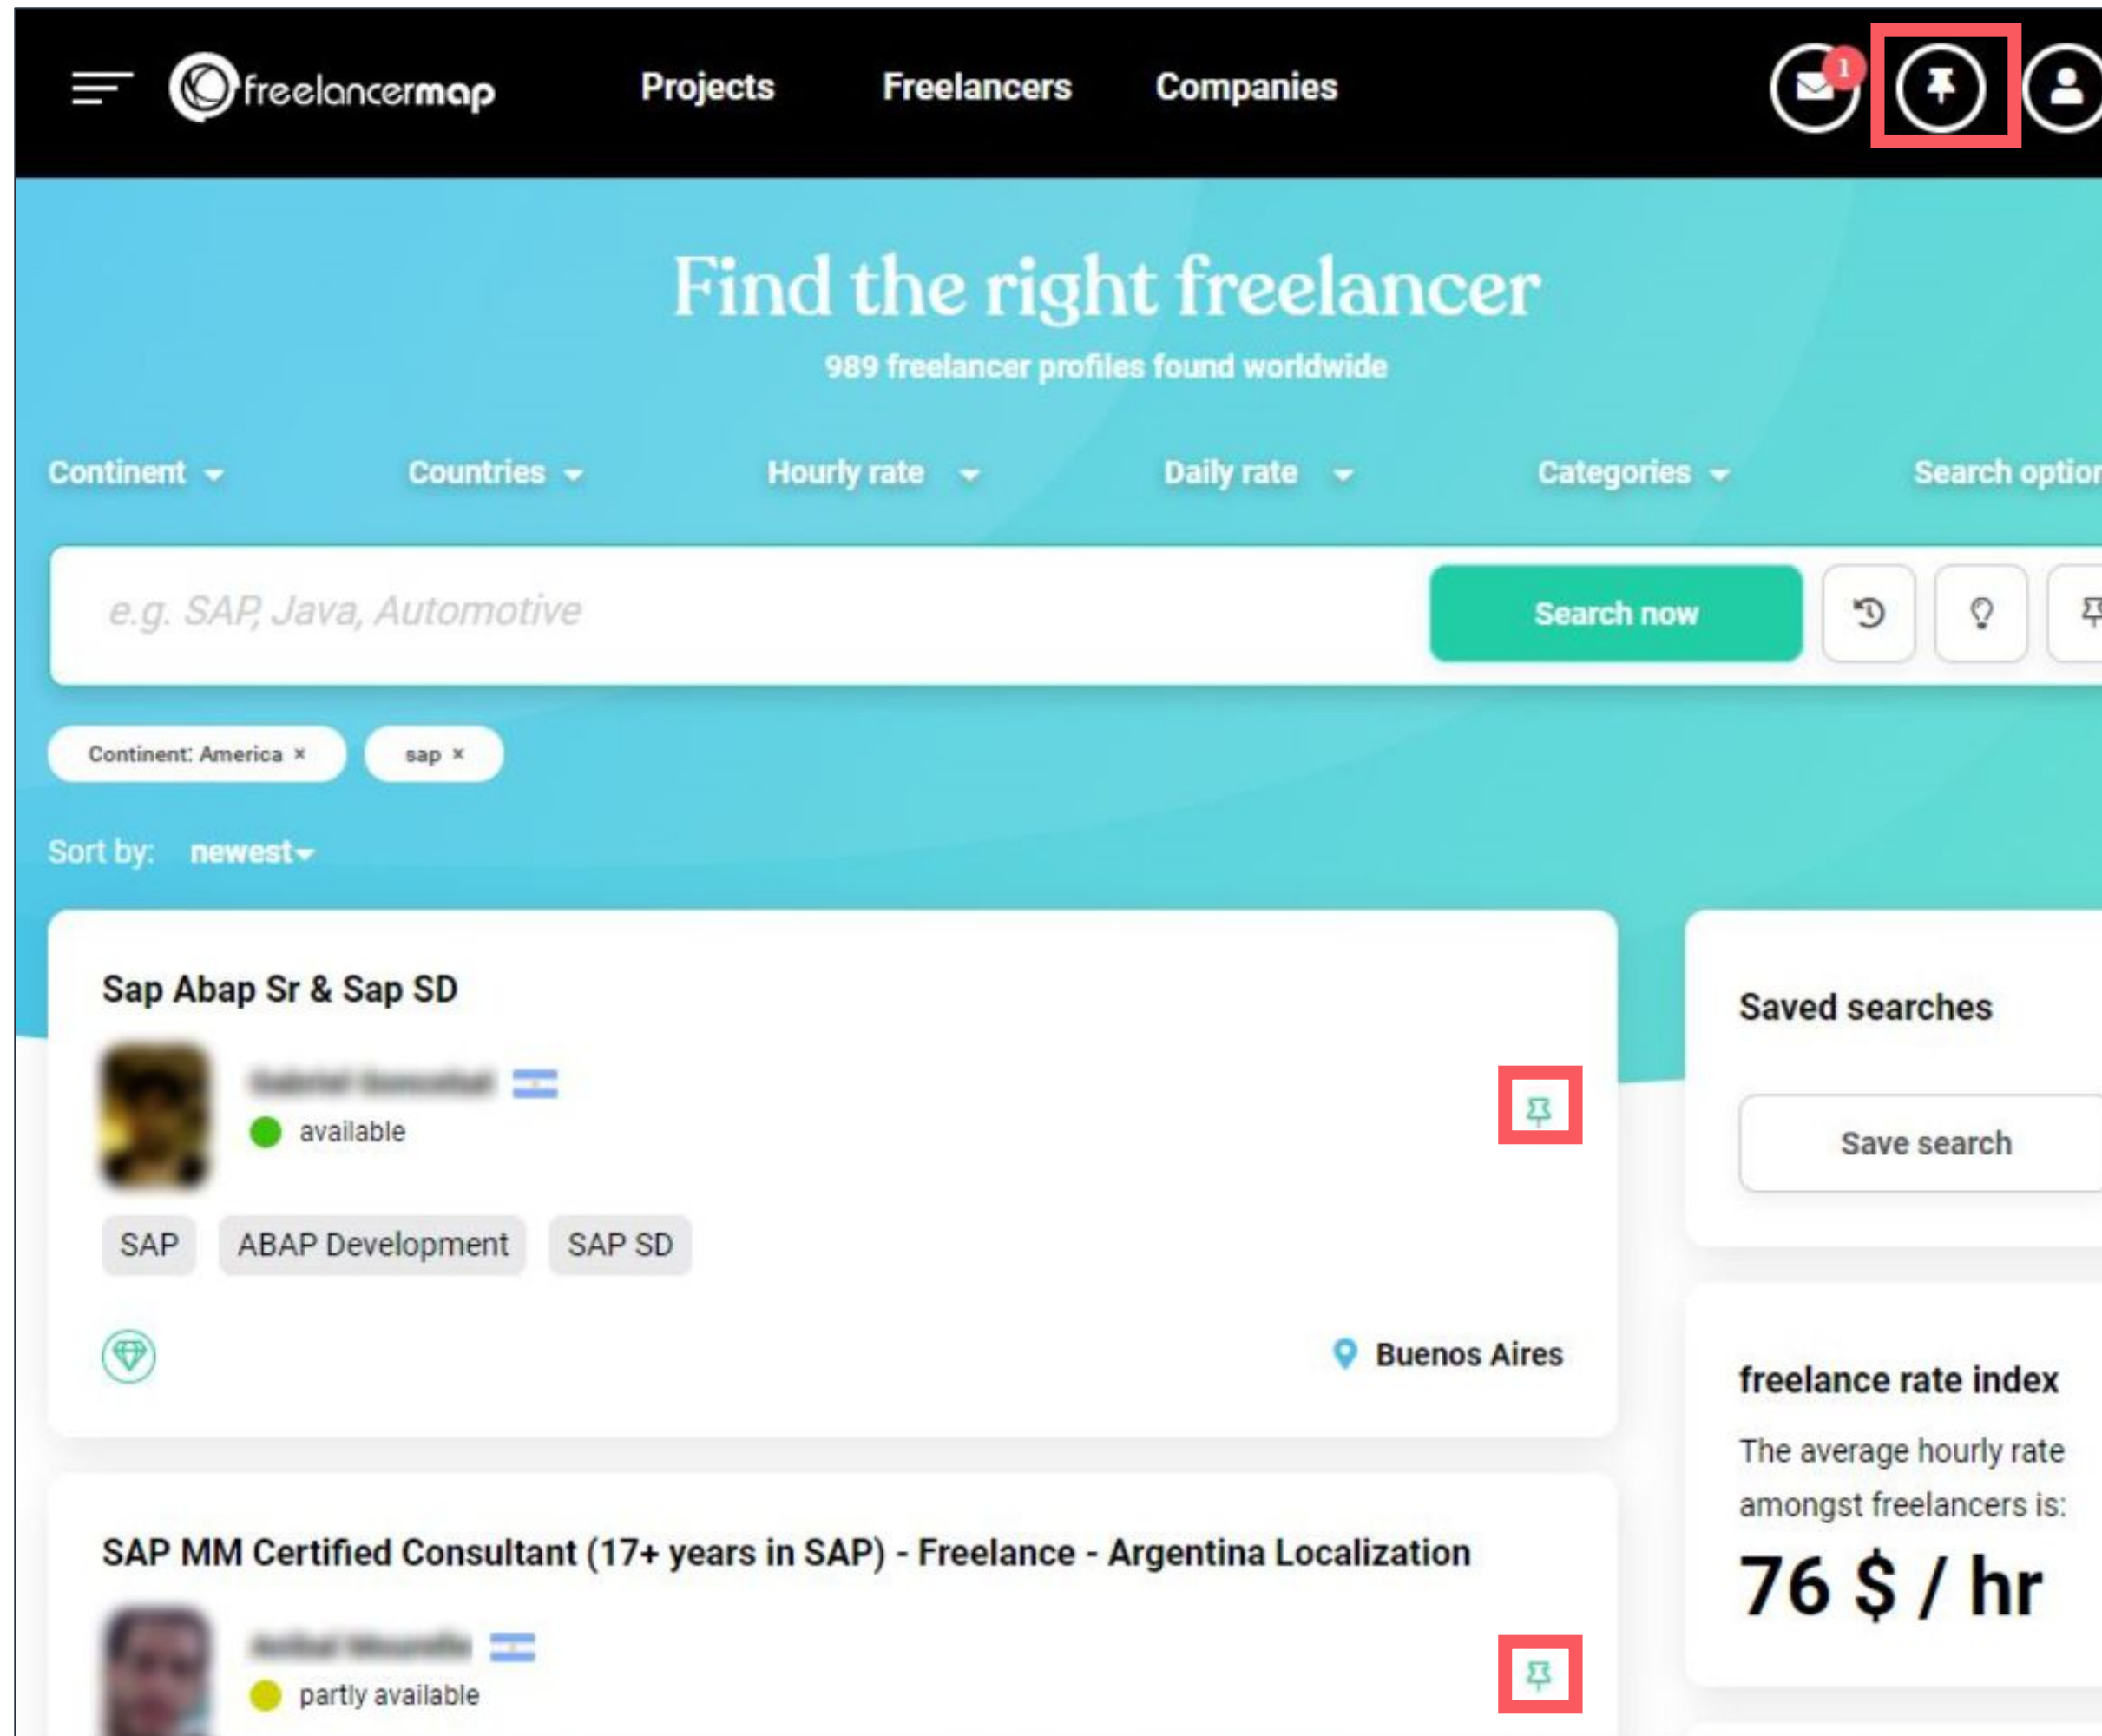

It's also possible to **link a list with an active project**, allowing you to directly view anyone who has already been invited to the project. These profiles will show up as marked with an email symbol (see example).

If you'd like to **share your created lists with your colleagues**, you can do it by clicking on the share button and selecting the person to share with. They will receive a copy of the watch list and they can use it for their own needs.

CONTACT SEVERAL EXPERTS

FOR RECRUITERS AND COMPANIES

Did you find several interesting freelancers for a role? **Contact them at once** with a single message with the mass inquiry.

Add all interesting candidates to your watchlist by clicking on the pin icon.

You will find your watchlist on the top menu, under the **pin icon**.

Enter the watchlist, select the profiles you want to get in touch with and click on the *"Send mass inquiry"* button.
